Dear Andy,

We have successfully completed the first phase of the above project and I am writing to formally thank you and your team for all the effort put in to achieve it.

We look forward to the second phase and would like you to continue to maintain the high levels of quality, safety and enthusiasm that THL displayed in the first phase.

We understand that you are updating your website and would gladly offer this as a testimonial for the site because from our experience we would recommend THL as an excellent subcontractor for providing ceilings, partitions, dry lining and plastering services.

We wish you all the best and look forward to working with you again.
